LOGIN PAGE

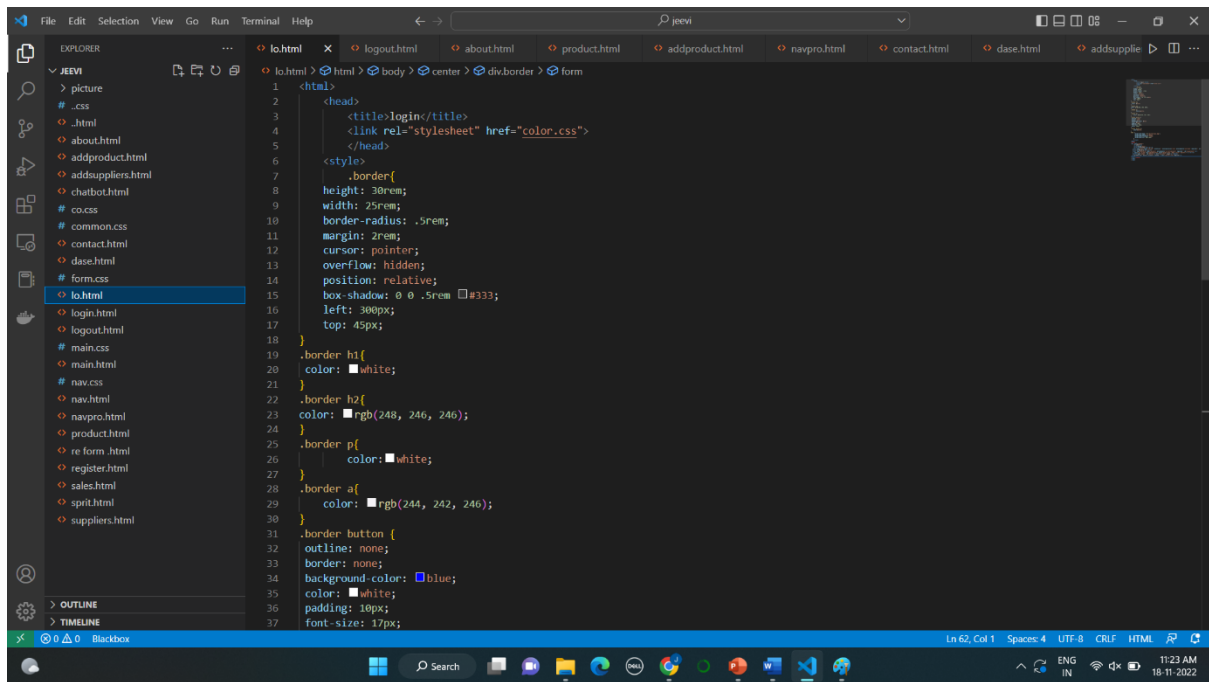

REGISTRATION PAGE

The screenshot shows a web browser window with the address bar displaying 'register.html' and the file path 'C:/Users/DELL/Documents/jeevi/register.html'. The browser's taskbar includes icons for Gmail, YouTube, Maps, and a New Tab. The main content area features a dark-themed registration form with the title 'Registration Form' and the instruction 'Fill the form below and press the submit button!'. The form contains eight input fields arranged in two columns: 'Full Name *', 'Address *', 'Email Id *', 'Land Mark *', 'password *', 'District *', 'Phone number *', and 'Pin code *'. A 'submit now' button is positioned at the bottom center of the form. The browser's status bar at the bottom shows a weather widget for 23°C (Partly cloudy), a search bar, and system icons for language (ENG IN), volume, and date/time (06:09 AM 18-11-2022).

FRONT PAGE

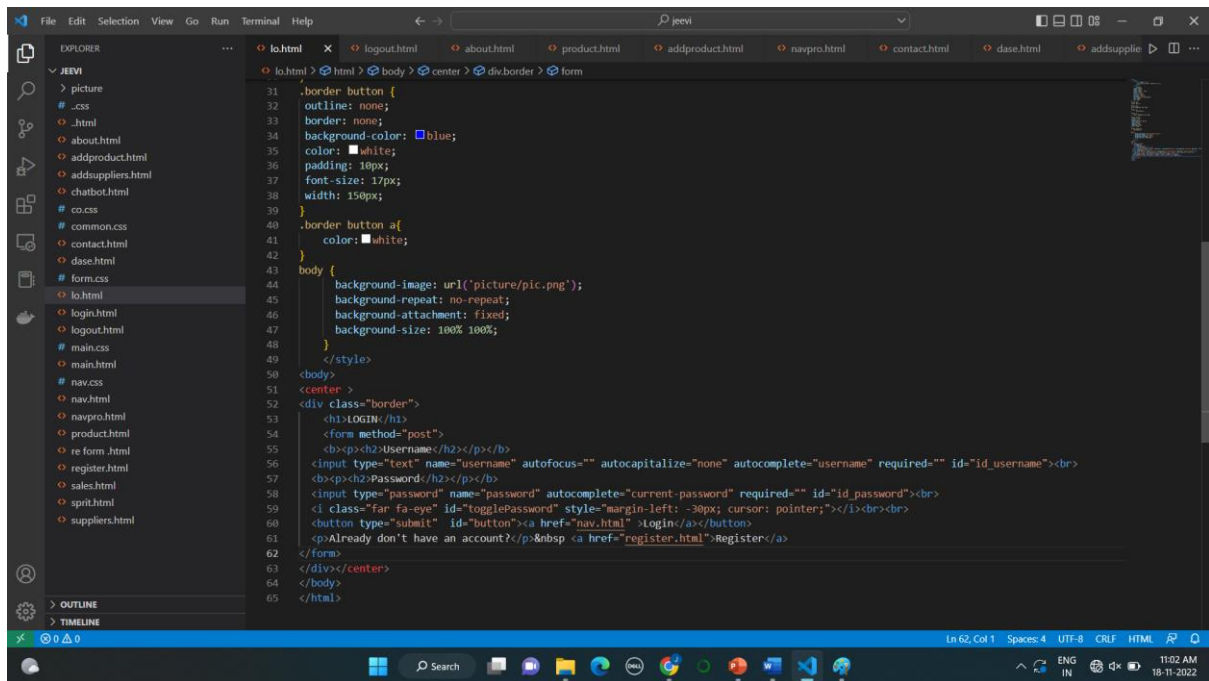

LOGIN PAGE CODE

The screenshot shows the Visual Studio Code editor with a project named 'jevi'. The Explorer sidebar on the left lists various files, including 'lo.html', 'login.html', 'logout.html', 'main.css', 'nav.html', 'navpro.html', 'product.html', 're form .html', 'register.html', 'sales.html', 'split.html', and 'suppliers.html'. The main editor area displays the CSS code for 'lo.html', which defines styles for a login form. The code includes a `<html>` tag with a `<body>` containing a `<center>` and a `<div border>` containing a `<form>`. The CSS rules define the appearance of the form and its elements, such as the border, header, body, and button.

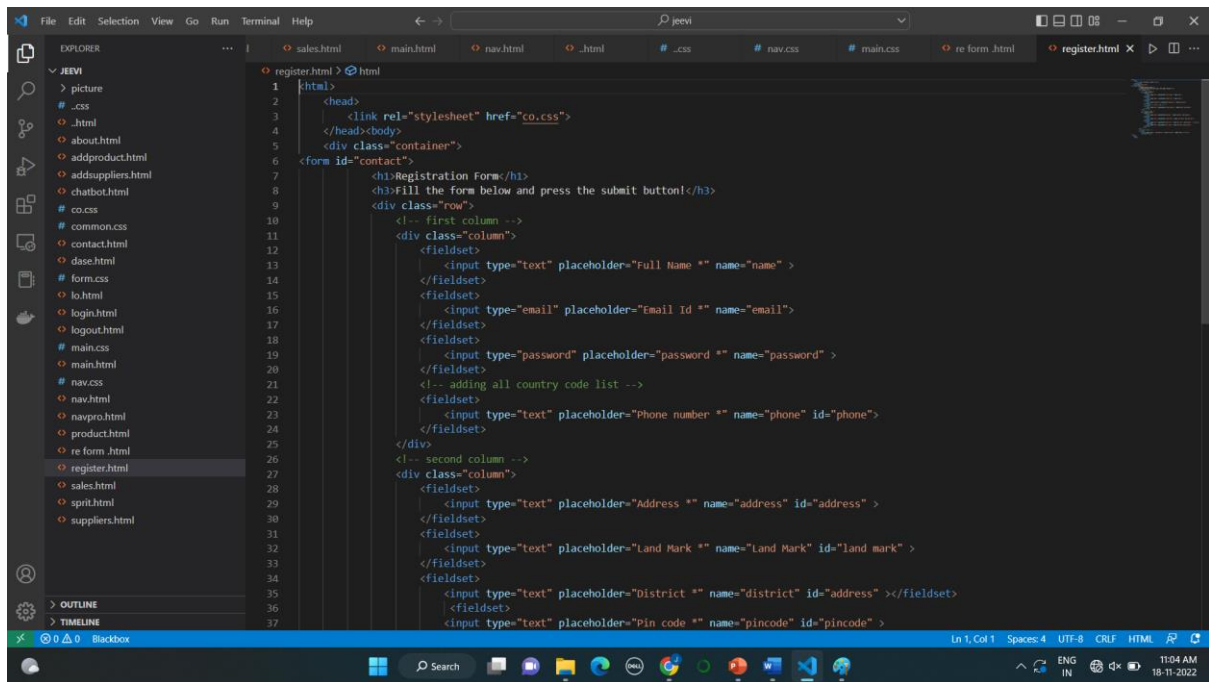

```
1 <html>
2   <head>
3     <title>login</title>
4     <link rel="stylesheet" href="color.css">
5   </head>
6   <style>
7     .border{
8       height: 30rem;
9       width: 25rem;
10      border-radius: .5rem;
11      margin: 2rem;
12      cursor: pointer;
13      overflow: hidden;
14      position: relative;
15      box-shadow: 0 0 .5rem #333;
16      left: 300px;
17      top: 45px;
18    }
19    .border h1{
20      color: #white;
21    }
22    .border h2{
23      color: #rgb(248, 246, 246);
24    }
25    .border p{
26      color: #white;
27    }
28    .border a{
29      color: #rgb(244, 242, 246);
30    }
31    .border button {
32      outline: none;
33      border: none;
34      background-color: #blue;
35      color: #white;
36      padding: 10px;
37      font-size: 17px;
```

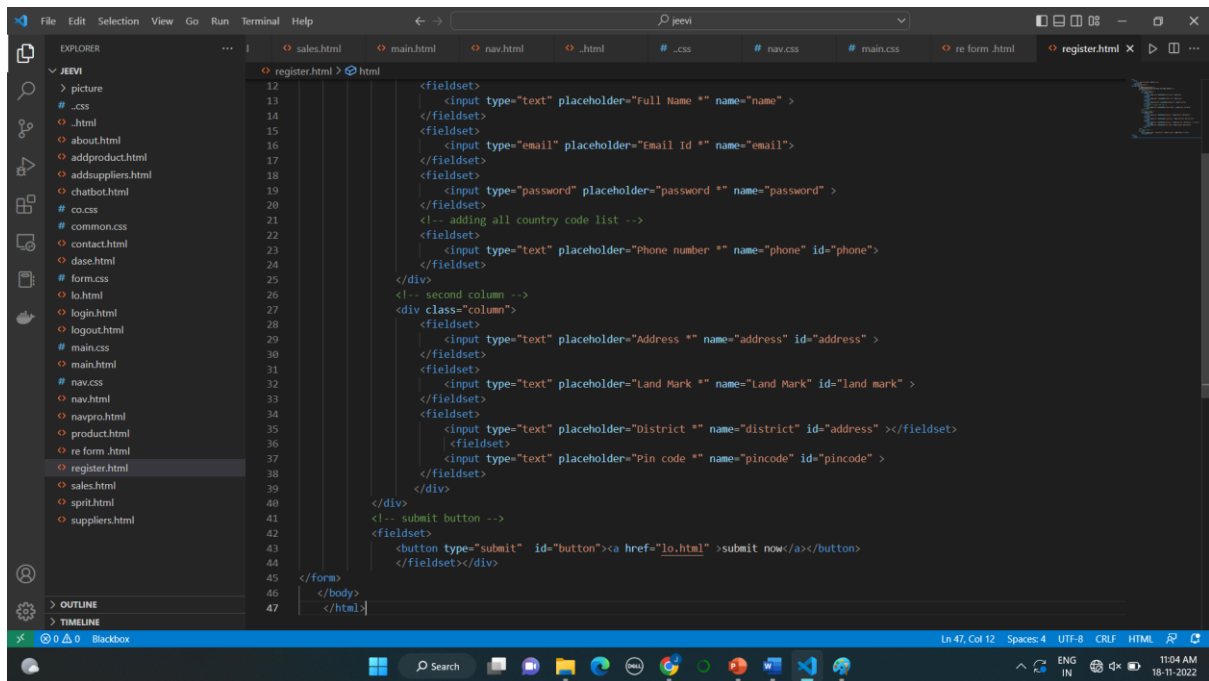

The screenshot shows the Visual Studio Code editor with the same project 'jevi'. The Explorer sidebar is the same as in the previous image. The main editor area displays the HTML code for 'lo.html', which defines the structure of a registration page. The code includes a `<body>` tag with a `<center>` and a `<div class="border">` containing a `<h1>`, `<h2>`, `<form>`, and `<input>` elements. The code also includes a `<button>` element and a `<div class="border">` containing a `<h1>`, `<h2>`, `<form>`, and `<input>` elements. The code also includes a `<button>` element and a `<div class="border">` containing a `<h1>`, `<h2>`, `<form>`, and `<input>` elements.

```
31 .border button {
32   outline: none;
33   border: none;
34   background-color: #blue;
35   color: #white;
36   padding: 10px;
37   font-size: 17px;
38   width: 150px;
39 }
40 .border button a{
41   color: #white;
42 }
43 body {
44   background-image: url('picture/pic.png');
45   background-repeat: no-repeat;
46   background-attachment: fixed;
47   background-size: 100% 100%;
48 }
49 </style>
50 <body>
51 <center>
52 <div class="border">
53   <h1>LOGIN</h1>
54   <form method="post">
55     <b><p><h2>Username</h2></p></b>
56     <input type="text" name="username" autofocus="" autocapitalize="none" autocomplete="username" required="" id="id_username"><br>
57     <b><p><h2>Password</h2></p></b>
58     <input type="password" name="password" autocomplete="current-password" required="" id="id_password"><br>
59     <i class="far fa-eye" id="togglePassword" style="margin-left: -30px; cursor: pointer;"></i><br>
60     <button type="submit" id="button"><a href="nav.html">Login</a></button>
61     <p>Already don't have an account?</p>&nbsp;<a href="register.html">Register</a>
62   </form>
63 </div></center>
64 </body>
65 </html>
```

REGISTRATION PAGE CODE

```
1 <html>
2   <head>
